

How to Download a Travel2 Image

The images are sized for a Facebook post (940x788 px).

1. In the Travel2 Resource Center, click on the social image you want to download.

2. The image will open as a pop-up on the page.

3. Right click on the image and select "Save image as..."
4. A window will pop up asking you where to save the image. Select where you would like to save.
5. The image will download to your saved location. You now can go to that saved image and use how you wish.

Thank you!
